

SUNSET CRUISE

This is an exciting cruise on local dhoni, a boat traditionally made by master craftsmen in wood. During this cruise you get to watch the sunset over the Maldivian horizon a bit closer than from the island! It is absolutely a breath taking experience to watch the hue of colors spreading across the width of the sky and reflecting upon everything in view. The world around you changes color for that brief moment. Sighting dolphins during this cruise is nature's reward
